Signing out: Joseph Stahl

Machines used:

- ☒ Machine 1
 - Plastic used: _____
- ☐ Machine 2
- ☐ Machine 3
- ☒ Machine 4
 - ResourceXYZ used

[Finish signout](#)

- Notes:
- Add the normal footer
 - When a user swipes their card, the ID number is input
 - When the "sign me out" button is clicked, the "sign out" box appears for users to record resource usage
 - When a machine is checked as being used, the user is prompted to enter the quantity of material used
 - The "finish signout" button will notify the server of the quantity of resources used for each resource (sum up all identical resources used among several machines).
 - Give a notification/ color change when the signout is successful.
